Article:	Annex:	Clause: 5.2.5	
Key words: Molten metal splash, assessment			
Question: Shall assessment be limited to the 50mm radius circle onto which the liquid metal is poured, or shall it apply to other areas of the helmet?			
Solution: Assessment shall apply to the shell of the helmet. With reference to the definition of clause 3.4, 'brim', the shell does not include a brim or gutter.			
Reason: The 50mm radius circle is just a target point for pouring of the metal.
