| Question: | | | | |
| Clause 8.3 specifies "The filter package shall be marked at least with the following information:" | | | | |
| Upon which part of the filter package should the markings be given? | | | | |
| | | | | |
| | | | | |
| | | | | |
| Solution: | | | | |
| The marking should be applied to the smallest commercially available package. | | | | |
| It is accepted that the smallest commercially available package is not always the most immediate packaging. | | | | |
| | | | | |
| Reason: | | | | |
| Other standards that include similar requirements, e.g. EN 143:2000 clause 9.4, refer to marking of the smallest commercially available packaging. | | | | |
