Question related to <input checked="" type="checkbox"/> PPE Regulation	<input checked="" type="checkbox"/> EN/prEN: EN 360 :2023, EN 361 :2002	Other:
Article:	Annex:	Clause:
Key words: Retractable type fall arrester, full body harness		
Question: How to assess a retractable type fall arrester which is attached to a full body harness by a specific adapter which is not connected to the typical attachment point (e.g. a D-ring)?		
Solution: Each claimed compatible full body harness should be tested. Test shall be carried out according to EN 360:2023 using full body harness and torso dummy instead of rigid mass Instruction for use should include compatible products and add sufficient information on how to connect the device.
